On behalf of the 2017 Planning Committee, I would like to invite you to attend the 79th Annual Meeting of the South Atlantic Association of Obstetricians and Gynecologists (SAAOG). The committee has created an exciting meeting that highlights more science, more sessions and more interactive discussion on cutting-edge topics that focus on content specific to our specialty in obstetrics and gynecology, and all the related subspecialties.

Throughout the four days, the meeting will offer extensive opportunities for attendees to network and interact, including an enjoyable social program. The expanded exhibit hall will feature exhibitors showcasing their brands, products and services all under one roof–ready and eager to discuss their capabilities and opportunities with all attendees. The meeting will also include exciting new learning opportunities such as expert theaters and symposia to take advantage of, in addition to the main program.

Furthermore, the program will be complemented with an intimate, in-depth roundtable breakfast with recognized experts and an expanded poster hall, representing cutting-edge research in the field of obstetrics and gynecology.

Join us in Hot Springs, VA at the Omni Homestead, and we know you will find it to be a rewarding and beneficial experience for your practice–mark your calendars and we hope to see you in January!

Sincerely,

Andrew A. Toledo, MD
2017 Program Chair and President-Elect
